GRANTS PASS OREGON

Oregon-Grown Gladiolus Spring 1932

Our bulbs are grown on new soil each year. Our long growing season and gravity irrigation enables us to grow bulbs cheaper than elsewhere. In turn we are passing on these benefits to our customers and pricing stock accordingly. We are located in Oregon's largest gladiolus growing center. We have specialized in gladiolus for many years so you are assured of getting good clean healthy stock.

The list includes most of the better commercial varieties and many of the best novelties. All priced very reasonable. Our old customers send us repeat orders year after year. Our new ones are always satisfied. Give us a trial and be convinced.

Read This Before Ordering

We exercise the greatest care to have everything true to name and will replace free, or refund the money, on any untrue stock. If for any reason you are dissatisfied with the stock, when received, return it and your money will be refunded including any transportation charges you have paid. We want only satisfied customers.

TERMS—Net cash before shipment: 25 per cent deposit will hold orders until Spring. Orders not fully paid will be sent C. O. D. for balance, at the time for shipment to your locality.

SHIPMENT—Orders for \$2.00 or more from this list prepaid anywhere in the U. S. or Canada. Eastern orders will be sent as soon as danger of frost is past. Local and Pacific Coast orders can be sent any time. Safe delivery to your Express or Post office Guaranteed. Orders over \$10.00 shipped via Express anytime.

DISCOUNTS—10 or more bulbs at 100 rate. 500 bulblets at 1000 rate, but no item for less than 20 cents. For 1000 rate multiply 100 price by 8. 250 or more bulbs, one size and variety at 1000 rate.

On account of the present fluctuation of foreign exchange, we must ask customers in foreign countries to remit by international money order or United States exchange. Foreign currency will be credited only at exchange rate current when received.

All stock offered, and orders accepted, subject to prior sale.

"It's the Glad that makes us glad. But it's the Climate that makes the Glad."
